For Immediate Release

Advanced Orthopaedic & Sports Medicine and North Cypress Medical Center Provide Free Health Physicals for local Middle School & High School Athletes

Advanced Orthopaedics & Sports Medicine & North Cypress Sports Medicine have partnered once again to provide Annual Sports Participation Physicals for student athletes in the Cy-Fair school district. Advanced Orthopaedics has participated in providing free physicals for the past few years. This year we plan to provide over 1500 free physicals to local Cy-Fair students.

Student athletes are required to have a pre-participation physical exam, which includes health history, height, weight, blood pressure, musculoskeletal evaluation, and a brief station based physical exam. The all-day event, on April 30, 2016 and May 4, 2016, will bring student athletes to Cy-Ranch & Cy-Falls High Schools where they will see Orthopaedic specialist from Advanced Orthopaedics & physicians from the North Cypress Family of doctors. The physical exams are performed to ensure the students are able & ready to participate in the sports of their choice for the 2016-2017 school year.

Advanced Orthopaedics & Sports Medicine also provides the "Team Doctor" and North Cypress Sports Medicine provides certified athletic trainers for Cy-Ranch High School & Cy-Falls High school in the Cy-Fair School district. Advanced Orthopaedics & Sports Medicine has offices in Tomball, Cypress, & The newly developed Towne Lake area.

Advanced Orthopaedics & Sports Medicine's team of physicians and clinical staff work closely with you to help you find the right treatment and assist you in making informed decisions about your care. Currently there are three Advanced Orthopaedics locations across Northwest Houston.
