October 12, 2023
Subject: Notification of Practice Change

Dear Patients,
We hope this letter finds you in good health. We are writing to inform you of some significant changes taking place at our practice.

After careful consideration, we have decided to return to private practice. Our affiliation with UT Physicians is ending. We will be transitioning to private practice with Advanced Orthopedics and Sports Medicine. Advanced Orthopedics and Sports Medicine is part of OrthoLoneStar, the premier Orthopedics Practice in Texas and the nation. OrthoLoneStar's mission is to provide the highest quality orthopedic outcomes at the best value across the state of Texas. We believe we can influence and improve medical practice through independent, physician led healthcare. For more details, please visit www.AdvancedOSM.com.

We feel this change will allow us to provide the highest level of care for our patients. The change will take effect on November 1, 2023. Until then, it will be business as usual at the practice and our physical location will not change. After the effective date, we can be contacted by calling (281) 955-7577. You can also continue to visit us or contact us at our physical location, 601 Rockmead Drive, Kingwood, TX, 77339. We will no longer be available in the offices located at Fall Creek and Atascocita.

We understand that this might come as a surprise and may cause some inconvenience. We want to assure you that all steps have been taken to make this transition as smooth as possible. Your UT medical records are confidential, but to have your medical records readily accessible for continued care with our office, please fill out the attached medical records release form. You may deliver the form to our Kingwood office during business hours or fax it to (833) 449-3243. If you have questions or concerns about this change, please feel free to contact us at our Kingwood office. We are more than willing to assist you in understanding the changes and what they mean for you.

Thank you for your understanding and support during this time of transition. It has been a privilege to be your physician, and we are confident that this change will serve to enhance the quality of care you receive.

Sincerely,

Ken M Korthauer, MD

Razvan G Scobercea, MD

Scott R Stanislav, MD
